TWININGS TEA RITUALS

DISCOVER THE ART OF TEA

British Afternoon

A quintessentially British tradition, this classic tea ceremony dates back to the 1830's when Ann Maria, the seventh Duchess of Bedford, first introduced it to her exclusive circle of friends.

Traditional English

This traditional tasting tea is a blend of the finest 2nd flush Assam teas from the rich flood plains of Brahmaputra River in India. This is a classic, robust and traditional tasting tea which exhibits a strong, smooth, dark and rich liquor. Can be enjoyed with or without milk. If preferred, sugar can be added to enhance the flavour.

Traditional English Decaffeinated

Traditional English has been naturally decaffeinated for a caffeine free, rich tasting tea.

Signature Earl Grey

A rich dark Keeman tea, blended with the oil of the citrus fruit bergamot, and combined with delicate lavender flowers produces an aromatic blend. The liquor delivers a deep copper colour, whilst the lavender emits a soothing and relaxing aroma. Can be served with milk, or with a slice of lemon to bring out the bergamot flavour.

Tisane

Originating from the Greek word for barley water, the tisane ritual offers not teas, but a fabulous array of herbal and fruit infusions perfect for those seeking a light and refreshingly different experience.

Peppermint

Whole peppermint leaves have been roughly cut to produce a refreshing and cleansing drink. Full of minty fresh flavour, this infusion delivers a cooling caffeine-free brew. Reputed to aid digestion, it is ideal as an after dinner infusion.

Blackcurrant and Lavender

The rich combination of sweet blackcurrant and lavender provides a delicious autumn taste, giving an impression of fiery golden leaves, vibrant berry hedgerows and fields of golden crops ready for harvest. Take comfort in the fresh and fruity flavours as they provide a touch of warmth as the evenings get colder and the nights draw in.

Oriental

A delightful infusion of Chinese and Japanese traditional tea ceremonies. With all the poise and elegance of the Orient, this delicate, precise ritual takes you back to the true origins of tea.

Long Jin Green

Long Jin or 'Dragonwell green tea was developed in Zhejiang province in China during the Ming & Qing dynasties. Long Jin is recognised as the finest variety of green tea produced in China, being one of China's '10 famous teas'. It is produced in misty hills around the famous West Lake, near the city of Hangzhou, in the location of the Dragonwell Springs. The tea is commonly produced by hand and the leaf has a long, flat appearance producing a delicate flavoured green tea. Enjoy with or without sugar.

White Silver Tips

White silver tips are the buds of the tea plant *Camellia Sinensis* plucked before they are opened. This produces a rare and delicate tea, sought after for its antioxidant qualities. Twinings select the finest silver tips from Sri Lanka and Indonesia to create a light and delicate tea that's sweet, fresh and peachy in character. Enjoy this tea in its most natural state without milk.
